POUCHES

BLACKHAWK!® UNDER THE RADAR™ OVERSIZED CELL PHONE POUCH

Keep your electronics safe from prying eyes with the BLACKHAWK! Under the Radar pouches. Even when powered down and turned off, devices emit a slight electronic pulse that can be identified by thieves using sophisticated detection devices. This allows them to hone in on your valuable electronics to either steal or access private information. Designed to block these electronic transmissions, Under the Radar removes your electronic signature and protects your data and your gadgets.

Features & Benefits:

- Incorporates Zero Trace® signal blocking technology
- Protects electronic devices from remote exploitation by blocking incoming and outgoing signals
- Helps prevent tracking of devices
- Shields against unwanted reading of RFID technology found in U.S. passports, driver's licenses, IDs and credit cards
- Constructed of 1050 denier nylon
- Electromagnetic interior lining blocks incoming or outgoing signals with roughly 33dbm of attenuation
- Adjustable hook & loop closure flap
- Foam padding for extra protection (except Cell Phone and Oversized Cell Phone Pouches)
- Vinyl window for business card or other identification (Passport Pouch only)
- Dimensions: 5.5"L x 4"W (Cell Phone Pouch), 7"L x 5"W (Oversized Cell Phone Pouch), 4.75"L x 6.75"W (Passport Pouch), 11"L x 9.5"W (iPad® Pouch), 15.25"L x 13"W (13" Laptop Pouch), 17.25"L x 13"W (15" Laptop Pouch), 18.75"L x 14.25"W (17" Laptop Pouch)
- Weight: 0.05 lbs. (Cell Phone Pouch), 0.10 lbs. (Oversized Cell Phone Pouch), 0.15 lbs. (Passport Pouch), 0.25 lbs. (iPad® Pouch), 0.45 lbs. (13" Laptop Pouch), 0.50 lbs. (15" Laptop Pouch), 0.60 lbs. (17" Laptop Pouch)
