## PREMIUM TURKEY

### Grand Slam

Extend the range and enhance the lethality of lead turkey payloads with Federal Premium® Grand Slam®. Its FLITECONTROL FLEX™ wad system works in both standard and ported turkey chokes, opening from the rear for a controlled release of the payload and extremely consistent patterns. The high-quality copper-plated lead pellets are cushioned with an advanced buffering compound to provide dense patterns and ample energy to crush gobblers.

### Features & Benefits

- FLITECONTROL FLEX wad ensures dense patterns through both standard and ported turkey chokes
- Copper-plated lead shot
- Buffering prevents pellet deformation for more consistent patterns
- Roll crimp and clear card wad keep buffering in place
- A portion of the proceeds are donated to the National Wild Turkey Federation
- 10-count pack

Part No.	Description	UPC	MSRP
PFCX101F 4	Grand Slam 10-gauge 3 ½-inch, 2-ounce, 4 shot, 1200 fps	6-04544-62825-8	\$23.95
