FEDERAL PREMIUM MUZZLELOADING

209 Muzzleloading Primer

Ignition is everything in muzzleloading. That's why Federal Premium® has developed the new 209 Muzzleloading Primer to complement its line of B.O.R. Lock MZ® bullets. The formulation provides superior resistance to moisture and hot, reliable ignition of both granulated powder and pellets in any conditions—without causing the excessive fouling in the breech area typical of standard shotshell primers.

Features & Benefits

- Hot reliable ignition in any conditions
- Formulation strongly resists moisture
- Minimizes “crud ring” fouling in the breech area
- 100-count pack
- Perfect for use with B.O.R. Lock MZ System bullets

Part No.	Description	UPC	MSRP
PMZ209	209 Muzzleloading Primer, 100-count pack	6-04544-61974-4	\$8.95
