PREMIUM RIFLE

Nosler AccuBond

Federal Premium® Ammunition has brought back its extremely popular Nosler® AccuBond® rifle loads. The proven bullet design pairs a precision polymer tip with a highly concentric jacket bonded to a lead core. The result is fast expansion, moderate weight retention and deep penetration at long range.

Features & Benefits

- High-performance polymer tip and boat-tail design for more downrange velocity and energy
- Concentric jacket improves long-range accuracy
- Core bonded to a tapered jacket for fast, controlled expansion
- Deep penetration and moderate weight retention on medium and big game
