

Power-Shok Buckshot 1 Buck

Hunters have a great option for hogs, predators and more in our new Power-Shok[®] 1 buck offering. The load provides the patterns and terminal performance needed, thanks to the Triple Plus[®] wad system, quality lead pellets and granulated plastic buffer that minimizes shot deformation.

Features & Benefits

- New 16-pellet 1 buck offering
- Triple Plus wad system provides better shot alignment
- · Granulated plastic buffer keeps pellets uniform in shape
- Tight downrange patterns
- Quality lead pellets
