

# HEVI-XII

## DESCRIPTION

Pack in with HEVI-XII® and come out carrying extra weight. Loaded with HEVI-Shot's original 12 g/cc tungsten that's 53.8 percent denser than steel, these loads double the downrange energy, hitting birds harder from a longer distance. This means you can drop three shot sizes for the same lethality and still put 28 percent more pellets on target.

## FEATURES

HEVI-Shot's original 12 g/cc tungsten pellets that are 53.8 percent denser than steel

High velocities

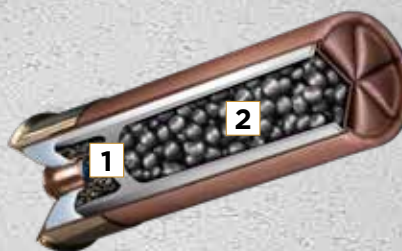

More lethal pellets in a tighter pattern

Improved cold-weather performance

100 percent nontoxic

Outperforms steel in every category
