

MARKET RELEASE DATE:

May 2018

The Night Optics® Night Chase enables all levels of tactical, hunting, and self-defense enthusiasts a day/night solution for close to mid-range target engagement. Pinpoint accuracy is made possible beyond 500 yards due to a laser measuring less than 1 mrad at 100 yards. The built-in IR illuminator allows for quick close-range target identification when paired with a night vision device.

- **LONG RANGE** - Mid to long-range laser goes out to 500+ yards; less than 1 mrad at 100 yards.
- **IR ILLUMINATOR** - Aids close to mid-range target acquisition, up to 100 yards.
- **BUILT TO LAST** - Designed and assembled in the USA.
