

BETTER COMES STANDARD.

**MSR 15 LONG RANGE**

Any distance, any competitor—there’s no match for the MSR 15 Long Range. Savage tuned the barrel length specifically for the 224 Valkyrie cartridge to achieve peak accuracy at extreme range. The barrel is also topped with a two-port muzzle brake mounted with Savage’s proprietary taper-lock interface. The brake allows the shooter to adjust the recoil impulse of the rifle and stabilize the muzzle for faster, more accurate follow-up shots. The custom-length gas system, paired with a low-profile adjustable gas block, is enclosed by a true free-float handguard. The gas block can be adjusted for optimum cycling of the full range of bullet weights and tuned for use with a suppressor.

**FEATURES:**

- 22-inch stainless Savage barrel
- Nickel-boron bolt carrier
- Custom-length gas system
- Custom-forged upper and lower receivers
- Low-profile adjustable gas block
- Non-reciprocating side charging handle
- Two-port muzzle brake with taper-lock interface
- Two-stage trigger
- Free-float handguard with M-LOK®
- Hogue® Pistol Grip
