

BETTER COMES STANDARD.

110 SCOUT

When a rifle is meant for making fast, accurate shots from a variety of shooting positions—including off-hand—it needs to be a natural extension of the shooter's body. The Savage 110 Scout's AccuFit™ system does this, letting shooters easily customize the length-of-pull and comb height for a personalized fit, while the user-adjustable AccuTrigger™ offers a crisp, clean pull. Together with the AccuStock™, which secures the action three-dimensionally along its entire length, the 110 Scout provides the fit and function of a custom rifle—right out of the box. It's also flush with features, including a carbon steel barrel, muzzle brake and AICS-style detachable box magazine that holds 10 rounds. Its rugged synthetic stock, forward-mounted rail and adjustable iron sights are perfectly suited to the versatile platform.

FEATURES:

- AccuFit system lets shooters quickly adjust comb height and length-of-pull
- User-adjustable AccuTrigger
- AccuStock rail system secures the action three-dimensionally along its entire length
- Synthetic stock
- 16 ½-inch matte-black button-rifled barrel with muzzle brake and adjustable iron sights
- Forward-mounted rail
- 10-round Magpul AICS-style detachable box magazine
- Soft grip fore-end and pistol grip surfaces
- New Model 110 design and ergonomics
