

2015 NEW PRODUCTS

BELTS

Competition Belts

Uncle Mike's® takes shooting competition seriously. The new Competition Belts are engineered for maximum performance on the professional stage. They feature a combination of inner and outer belts for securing the system to the competitor's waist. They allow for increased mobility, fast configuration and offer polymer reinforcement to ensure a strong platform for competition gear.

Features & Benefits

- Both the inner and outer belts are packaged together
- Polymer reinforcement handles the weight and strain of competition use
- Inner and outer belts secure together using hook and loop closure
