KASPA™ 6-18x44mm Long Range Scope

If you need to punch holes at long range without poking holes in your budget, Weaver® has you covered with the new KASPA™ 6-18x44mm Long Range Scope. Making distant shots has never been easier with this precision riflescope that features an amazing price to complement its jaw-dropping accuracy. The rugged one-piece tube houses fully multi-coated lenses for ultimate clarity and light transmission at any distance. The scope also features side-focus parallax adjustment, which is critical for long-range shooting, and is available with the classic Dual-X or precision Ballistic-X and Varmint Enhanced Ballistic-X reticles.

Features & Benefits

- Includes sunshade for long-range viewing
- Fully multi-coated lenses for edge-to-edge clarity
- Rugged one-piece tube construction
- Purged nitrogen-filled tubes eliminate internal fogging
- One-inch tube allows multiple mounting options
- Side-focus parallax adjustment for quick focus at any distance
