## **2015 NEW PRODUCTS**

### TRAIL CAMERAS

### Trophy Cam™ HD Aggressor

The new 14MP Bushnell<sup>®</sup> Trophy Cam HD Aggressor offers industry-leading reliability and ruggedness to provide game monitoring hunters can depend on. You won't miss that critical photo that reveals the buck of a lifetime with the super-fast 0.2-second trigger speed, 1-second recovery time, extended nighttime photo range and 1-year battery life. Add in 14MP high-definition images and 1080p HD video with audio, and the Aggressor HD provides maximum clarity. The Aggressor HD is available in two Low-Glow IR models and two No-Glow models with Black LEDs that are invisible to game and other hunters.
