

Bushnell[®]

AR OPTICS ENRAGE RED DOT

PRESS RELEASE DATE:
SHOT Show 2017

MARKET RELEASE DATE:
March 2017

Introducing our longest-lasting battery red dot scope, the Bushnell[®] AR Optics[™] Enrage[™]. The new member of the AR Optics family features battery life that lasts twice as long as previous Bushnell red dot scopes. The eight brightness settings lock in with a single click, and there's an off setting between each. The 2-MOA red dot is housed in multi-coated optics, ensuring a bright, crisp view for easy target acquisition. The Enrage[™] includes an optional hi-rise mount.

FEATURES & BENEFITS

- » Our longest-lasting battery Red Dot
- » 8 brightness settings, with off setting between each
- » 2-MOA dot
- » Multi-coated optics
- » Includes hi-rise mount
