The Original X-Land'r

We take customer feedback seriously, so when you asked us to bring back the Original X-Land'r, we did. The Original X-Land'r is famous for being the lowest profile blind on the market while still providing plenty of protection from the elements. But we didn't stop there. Our new coated fabrics are guaranteed to keep you dry in the fields and withstand the abuse of an avid hunter. In fact, we are so confident in the performance of our blinds that we are backing it with a Limited Lifetime Warranty. That's right, if we can't fix it, we'll replace it.

Features & Benefits

- Low profile blind with minimal frame for those who are serious about concealing their presence in the field.
- Zippered storage under the back rest for carrying gear, rag decoys, or silhouettes.
- Backpack straps and built-in scabbard to keep you hands free when packing in and out of the fields.
- 26"W x 90"L x 14"H
- Weighs only 12 pounds
