PIG CALLS

Pig Stick Hog Grunter

The Primos® Pig Stick is the most accurate boar grunter ever made. It perfectly replicates the grunts of a wild boar hog, producing deep, guttural grunts that can be heard a great distance. Wild hogs respond well to calling because of their curiosity and pack instinct. Challenge another boar to a fight or use it in tandem with our Chop Sooie pig squealer to sound like a pack of wild hogs.

Features & Benefits

- Pig Man inspired hog grunter
- Laminated wood barrel
- Flexible enhancer
- Produces deep hog grunts
