

Take Out Spread & Sprout Seed

If one thought has guided Primos Hunting for over 40 years, it's this: If we can make something better, we will. That's why we're so proud to introduce new Take Out Spread & Sprout Seed. Making it better started by knowing hunters better. And now more than ever, one thing is true: you don't have time or money to waste on something that won't work well for *you*. Our Spread & Sprout Seed is easy-to-establish in a variety of conditions and fast-growing, so you get a thick plot that attracts bucks fast and keep them coming back. It's a hearty mix of quality Grains, Clovers, Brassicas, and Grass proven to attract deer to a wide menu of the foods they crave. It's designed for low-till planting, so only minimal ground prep with seed to soil contact is required to ensure optimal growth per square foot. Use Spread & Sprout as part of your Take out Seed & Feed System to implement a simple, proven, and effective plan in your area. Find out more at primos.com/takeout.
