

## Venture™ Spotting Scopes

Dawn and dusk are often the most important times on a hunt. Simmons® Venture™ Spotting Scopes bring sharp, bright images, especially at those critical times. The fully-multi coated optics transmit maximum light to the eyepiece, which is crucial in those critical low-light conditions. Simmons® Venture™ Spotting Scopes are the complete package, priced for every hunter. A tripod, hard carrying case and soft carrying case are included.

### FEATURES

- » Fully-multi coated optics deliver bright images, even in low-light conditions
- » Straight and angled eyepieces fit every viewing scenario
- » Sturdy, tabletop tripod with built-in window mount included for stable viewing
- » Hard plastic case safely stores scope and tripod
- » Soft carrying case protects scope and tripod for easy in-field transport
- » Variety of magnifications and objective lenses fit every need
