# GUN CLUB

Trap, skeet or sporting, Remington Gun Club® Target Loads have the load option for your obsession. An excellent choice for economical shooting, these shells offer consistent clay-busting performance. Receiving the same care in loading, these shells are built from a similar unibody hull as Remington's top-of-the-line target loads Premier STS and Nitro 27. Gun Club is designed to stretch your shooting dollar with quality, reloadable hulls. Proudly loaded in America by American workers.

# FEATURES

- Gun Club grade shot, made in Remington's iconic shot tower
- Power Piston One-Piece wads ensure tight, reliable patterns downrange
- Carefully selected propellant/primer combinations for even ignition and velocity
- Handloader approved – Unequaled reloading ease and hull longevity
- Highest quality budget shotshells on the market
- Now available in two new Low Recoil 12-gauge loads
