

Low Recoil: Premier STS & Gun Club

Trap, skeet or sporting, clay shooters need every advantage at practice and in competition. Shoot more with less felt recoil with new Premier STS Low Recoil and Gun Club Low Recoil. Four new load options are great for seasoned veterans looking to save their shoulder or for introducing new, youth or smaller shooters to any clay crushing discipline. New Low Recoil loads offer the same performance on target you trust from Premier STS and Gun Club without compromise.

FEATURES

- Available in four 12GA loads
- Specialized, carefully selected propellants produce lower recoil while maintaining expected velocities
- Premier STS gives world-class performance with Premier primers, propellants, high-antimony shot and the patented Figure 8™ Wad
- Gun Club gives shooters solid quality and affordability
- Unibody high-tensile hulls feed smoothly and reload longer
