

**ALLIANT POWDER**

*Technically Superior by Design*

## 2020 NEW PRODUCTS

### Shotshell Propellant

#### 410

Alliant Powder® 410 propellant is the only flake powder specifically designed for the demanding needs of .410 bore skeet and field loads. Its efficient formulation delivers low charge weights and optimum loading characteristics. The flake granulation yields excellent charging characteristics while minimizing annoying bar leakage. It all comes together for superior patterns and consistent performance—shot after shot, lot after lot.

#### Features & Benefits

- Clean burning
- Excellent charging flow
- Optimum loading characteristics
- Superior performance
- Excellent lot-to-lot consistency
- Made in the USA
