SHOOTING GEAR

MSR Tactical Bipod

Constructed of a lightweight polymer, the MSR Tactical Bipod is designed specifically for the modern sporting rifle. It attaches easily to a Picatinny rail and provides a steady aim for rock-solid performance. This sleek bipod design delivers rapid height adjustment, while a simple pivot action adapts to uneven terrain. Textured feet ensure a secure grip on all surfaces.

Features & Benefits

- Unique industrial design and appearance
- Lightweight, reinforced polymer and aluminum construction
- Aluminum Picatinny rail mount
- Side-to-side pivot design with quick-adjust lever
- Rapid height adjustment (7 to 10 inches)
- Sturdy locking legs
- Textured, variable surface composite feet
- Made in the U.S.A.
