

CENTER MASS™ AR500 POP-UP TARGETS

MARKET RELEASE DATE:

January 2017

Nothing beats the instant feedback and satisfying 'PING!' when a well-aimed shot hits a steel target. The new Champion® Center Mass™ AR500 Steel Pop-Up Targets give an extra level of feedback, folding down and snapping back into place after impact. The AR500 Steel is hard enough to withstand multiple calibers at the appropriate distances. The targets also come in two different sizes, and can stand up to thousands of rounds.

FEATURES

- » Springs back up with bullet impact
- » Target plate itself constructed of U.S.-made premium rolled and hardened AR500 steel
- » Centerfire rifle rated (3/8" thick)
- » Precise, laser-cut edges
