CENTERFIRE HANDGUN

HST 10mm Auto

The ultimate self-defense bullet and cartridge have finally come together in the new 10mm Auto HST®. Full-power loading makes the most of the HST bullet design, providing large, consistent expansion, optimum penetration and superior terminal performance. Its specially designed hollow point won't plug while passing through a variety of barriers, and the bullet jacket and core hold together to provide nearly 100 percent weight retention through even the toughest materials.

Features & Benefits

- New, full-power 10mm Auto load; 1130 fps muzzle velocity
- Specially designed 200-grain hollow point expands reliably through a variety of barriers
- Expanded diameter and weight retention produce the desired penetration for personal defense situations without over penetrating
- Superior performance in FBI test protocol used by law enforcement officials to assess and select duty ammunition
- Bullet nose profile, nickel-plated case and Federal's unique primer provide the ultimate in function and reliability in semi-automatic handguns
