

30 SUPER CARRY

The performance of the most popular self-defense round in history. The size and recoil of the most compact, concealable pistol platforms. The capacity and versatility of nothing else. Meet 30 Super Carry, Federal's all-new cartridge that bridges the ultimate gap in handgun self-defense. Its .312-inch diameter projectile carries identical muzzle energy levels as the 9mm Luger, with ballistic performance and penetration that far exceed that of 380 Auto. The dimensions allow chambering in handguns with reduced grip circumference and smaller overall size, yet still offer more magazine capacity than 9mm Luger. Shooters can get even more from the cartridge with new loads across the Federal® line, including HST®, Punch™ and American Eagle®, as well as Remington® HTP and UMC, Speer® Gold Dot® and Blazer® Brass.
