Gold Medal Sierra Tipped MatchKing

Watch your name climb the leaderboard with the new Gold Medal® Sierra® Tipped MatchKing®. The bullet is built like the original MatchKing, with a streamlined profile, optimized boat-tail and concentric jacket, but its polymer tip reduces drag, boosts ballistic coefficient and improves feeding in magazine-fed firearms. Now available in 77-grain 224 Valkyrie.

Features & Benefits

- New 77-grain 224 Valkyrie
- Acetal resin tip maximizes ballistic coefficient and improves feeding
- Less wind drift and drop
- World-class long-range accuracy
- Gold Medal match primer
