3rd Degree MeatEater

Rather than simply pattern tightly like conventional turkey loads, 3rd Degree[®] uses a three-stage payload consisting of No. 5 copper-plated lead, No. 6 FLITESTOPPER[®] lead and No. 7 HEAVYWEIGHT[®] TSS shot to deliver larger, more forgiving patterns at close range, while still providing deadly penetration at long distance. Combined with the FLITECONTROL FLEX[®] wad, 3rd Degree offers performance that has made it the official turkey load of MeatEater.

Features & Benefits

- Official turkey ammunition of MeatEater, with new packaging highlighting the partnership
- Three-stage payload creates optimal patterns for the entire range spectrum
- 20 percent No. 6 FLITESTOPPER pellets for forgiving close-range patterns
- 40 percent copper-plated No. 5 lead for lethal performance at mid-range
- 40 percent HEAVYWEIGHT TSS for extra-dense, high-energy patterns at 40-plus yards
- FLITECONTROL FLEX wad works in all standard and ported turkey chokes and maximizes the flight characteristics of all three shot types
- A portion of the proceeds are donated to the National Wild Turkey Federation
- 5-count pack
