Big Game Rifle

Trophy Copper 6.5 PRC

The fast, flat-shooting 6.5 PRC cartridge has proven itself in competition and earned the respect of elite long-range shooters. We've combined that performance with our Trophy[®] Copper bullet design to offer hunters an even more effective option. The new 120-grain load provides pinpoint accuracy and aggressive expansion, yet produces limited, manageable recoil. The copper, polymer-tipped bullet retains up to 99 percent of its weight on impact for deep penetration on a wide range of medium game. Trophy Copper is the rifle ammunition of choice for Steven Rinella and the rest of the MeatEater team.

Features & Benefits

- New 120-grain 6.5 PRC
- Copper bullet construction provides up to 99 percent weight retention for the deepest penetration in an expanding bullet
- Tipped bullet cavity is optimized for expansion across a broad velocity range
- Grooved bullet shank for increased accuracy across a wide range of firearms
- Polymer tip and boat-tail design increase the ballistic coefficient for higher downrange velocity, energy and less bullet drop
- Trophy Copper is the rifle ammunition of choice for Steven Rinella and the rest of the MeatEater team
