Training Handgun

Syntech Range 38 Special, 380 Auto & 10mm Auto

There have never been so many ways for shooters to experience cleaner, cooler, safer practice sessions, thanks to new 380 Auto, 38 Special and 10mm Auto offerings of Syntech Range™. All use the one-of-a-kind TSJ® polymer jacket to eliminate metal fouling and drastically reduce damaging barrel heat and friction. The bullet style also minimizes splash-back on steel targets. The exclusive Catalyst primer provides hot, reliable ignition without the use of lead.

Features & Benefits

- New 95-grain 380 Auto, 148-grain 38 Special and 205-grain 10mm Auto
- Catalyst high-performance lead-free primer
- Total Synthetic Jacket prevents metal fouling
- Drastically reduces barrel heat and friction
- Minimizes splash-back on hard targets
