CENTERFIRE HANDGUN

Syntech Bulk Bucket

There's never been a better way to have an epic day at the range. All-new Syntech® Bulk Buckets boast 250 to 500 rounds packed in rugged plastic buckets that stack, store and transport easily. The one-of-a-kind TSJ® projectile uses a polymer jacket to eliminate metal fouling and drastically reduce damaging barrel heat and friction. The bullet style also minimizes splash-back on steel targets. Its exclusive Catalyst™ primer provides hot, reliable ignition without the use of lead.

Features & Benefits

- 250- to 500-round loose bulk packs
- Rugged plastic buckets stack, store and transport easily
- Catalyst high-performance lead-free primer
- Total Synthetic Jacket prevents metal fouling
- Drastically reduces barrel heat and friction
- Minimizes splash-back on hard targets
