Syntech Training Match

If practice isn't realistic, it's not really practice. Make range time matter with all-new Syntech Training Match™, loads that offer the same velocity, trajectory and point of impact as equivalent Federal Premium® Personal Defense® HST® and Tactical® HST duty ammunition. Like all Syntech offerings, Syntech Training Match features the one-of-a-kind TSJ® projectile, which uses a polymer jacket to eliminate metal fouling and drastically reduce damaging barrel heat and friction. Its Federal-exclusive Catalyst™ primer provides hot, reliable ignition without lead, making Syntech Training perfect for indoor ranges.

Features & Benefits

- Identical point of impact, velocity and trajectory as equivalent HST loads
- Extremely realistic and effective practice
- Purple jacket visually identifies matched training round
- Catalyst high-performance lead-free primer
- Total Synthetic Jacket prevents metal fouling
- Drastically reduces barrel heat and friction
- Minimizes splash-back on hard targets

Part No.	Description	UPC	MSRP
AE9SJ3	Syntech Training Match 9mm Luger 147 grain TSJ, 50-count, 1000 fps	6-04544-64295-7	\$19.95
