Terminal Ascent Component Bullets

Harness the world's best all-range performance in every handload that leaves your press. New Federal Premium® Terminal Ascent™ component bullets' bonded construction fuels deep penetration on close targets, while the patented Slipstream™ polymer tip initiates expansion at velocities 200 fps lower than comparable designs. The bullet's long, sleek profile offers an extremely high ballistic coefficient, and its AccuChannel™ groove technology improves accuracy and minimizes drag. Now available in a full selection bullet weights and diameters for loading the most popular long-range cartridges.

Features & Benefits

- Match-grade long-range accuracy in a bonded hunting bullet
- Extremely high ballistic coefficient
- Exclusive Slipstream polymer tip helps flatten trajectories and initiate low-velocity expansion
- Less wind drift and drop
- AccuChannel groove technology minimizes drag
- Copper shank and bonded lead core retain weight for deep penetration at any range

Part No.	Description	UPC	MSRP
PB264TA1	264 cal., 130-grain component bullet, .263 G7 BC, 50-count	604544659474	\$52.99
PB277TA1	270 cal., 136-grain component bullet, .247 G7 BC, 50-count	604544659481	\$52.99
PB284TA1	7mm 155-grain component bullet, .300 G7 BC, 50-count	604544659498	\$54.99
PB308TA1	308 cal., 175-grain component bullet, .258 G7 BC, 50-count	604544659504	\$54.99
PB308TA2	308 cal., 200-grain component bullet, .304 G7 BC, 50-count	604544659511	\$54.99
