CLEANING KITS

1.2.3. Done! Kits

Cleaning a firearm has never been faster or easier. Hoppe's new 1.2.3. Done! cleaning kits contain everything needed to cleanse and protect a firearm in three simple steps. Available in nine common calibers, each kit contains Hoppe's legendary No. 9 Gun Bore Cleaner along with the fastest bore cleaning tool on the planet—Hoppe's patented BoreSnake. It also includes a bottle of lubricating oil and easy-to-understand photo directions. Swab the barrel, add a few drops of Hoppe's No. 9 Lubricating Oil and the gun is ready for storage. It really is as easy as 1-2-3.

Features & Benefits

- Contains everything you need to clean a firearm in three simple steps
- High-viscosity lubricating oil refined to perfection so it won't gum action
- Legendary No. 9 penetrates quickly and deeply
- Caliber-specific BoreSnake offers 160x more surface than standard patches
- Easy to understand photo directions on packaging
