

Remington Range Clean

From lead-free primers, to specially designed bullets, economical Remington Range Clean cartridges virtually eliminate lead exposure at the firing line. A must-have for shooters who frequent indoor ranges, its jacketed bullet actually prevents the vaporization of lead from the bullet's base upon firing. Standard bullet weights duplicate the ballistics of conventional loads.

FEATURES

- Designed for indoor ranges
- Lead-free primer
- Same weight as conventional loads
- Available in 380 Auto, 9mm Luger, 40 S&W, and 45 Auto
