## AR OPTICS™ RIFLESCOPES

Nearly everyone owns one (or a few) AR's. Bushnell® AR Optics™ has stepped up its game in the latest iteration of riflescopes designed specifically for the AR platform. There is a scope for every popular caliber, including 22 LR, .223/5.56, .308, 300 Blackout, and even 6.5 Creedmoor. Each scope has a throw-down power change lever that you can set to two different heights, making these scopes as customizable as the rifles they share a name with. The new lineup of AR Optics™ riflescopes from Bushnell® won't disappoint.

### INDUSTRY LEADING FEATURES:

**CLARITY** - Fully-Multi Coated Optics deliver crisp images in every lighting condition.

**CUSTOMIZE** - Every scope features a Throw Down™ PCL lever that can be customized with two different heights.

**BDC RETICLES** - Offers precise elevation holds for specific ammunition; illuminated for clear sight picture in low-light scenarios (2 models)
