NEW FOR 2018

FORGE™ RIFLESCOPES

When the shooting scenario calls for exact round placement – even hundreds of yards downrange – Bushnell® Forge™ riflescopes are the answer. Bushnell's Forge™ line of optics are packed with features serious shooters demand. Forge™ riflescopes are weatherproof and waterproof, and equipped with the necessary tools to adjust to every shooting condition.

INDUSTRY LEADING FEATURES:

CLARITY - The best resolution and contrast in all lighting conditions

LIGHT TRANSMISSION - Ultra Wide Band Coating enables optimum brightness and true color in every lighting condition.

SIDE PARALLAX - Easily correct parallax error without removing eyes from the target

PRECISION - Exposed, locking zero stop turrets and multiple ballistic options offer the ability to make quick adjustments as needed.

SCOPE COVERS - Included Butler Creek® Flip-Up Scope Covers protect lenses from dust, debris.

SUN SHADE - Included 2.5-inch sunshade aids in target acquisition on bright days.
