## TAC OPTICS™ RIFLESCOPES

Tac Optics is Bushnell's newest family tactical riflescopes. It features four configurations, multiple reticle options and 30mm and 1-inch diameter tubes. Tac Optics riflescopes can improve the performance of every shooter, from novice to professional, and can adapt to every environment and application.

### INDUSTRY LEADING FEATURES:

**EXO™ BARRIER** - Bushnell's premiere protective lens coating repels water, oil, fog dust and debris.

**FULLY-MULTI COATED OPTICS** - Multiple layers of anti-reflective coating enable superior light transmission and bright images.
