

Bushnell®

AR OPTICS INCINERATE RED DOT

PRESS RELEASE DATE:
SHOT Show 2017

MARKET RELEASE DATE:
March 2017

Engage your target quickly with the Bushnell® AR Optics Incinerate™. The new circle dot reticle makes target acquisition second nature. A 25-MOA circle naturally draws the eye to the 2-MOA center dot, making it ideal for both tactical rifles and shotguns. The rear sight on the Incinerate™ is compatible with Glock® dovetail sights. Eight brightness settings, with an off setting between each, offer high visibility in any lighting.

FEATURES & BENEFITS

- » 25-MOA circle with 2-MOA center dot
- » Compatible with Glock® dovetail sights
- » 8 brightness settings, with off setting between each
- » 2-MOA center dot
- » Multi-coated optics
- » Includes hi-rise mount
