TROPHY RIFLESCOPES

MARKET RELEASE DATE:

April 1, 2016

It's a new breed that delivers an unbeatable combination of edge-to-edge clarity, best-in-class light transmission and affordability. With seven configurations and six reticle options, there's a Trophy to fit every hunting application. The shorter 1-piece tube stays out of your way while fully multi-coated optics provide a brighter, clearer image in any weather, thanks to Rainguard HD lens coating. And its Fast-Focus eyepiece and side parallax adjustment make dialing in your next trophy as easy as deciding which end of a backstrap to eat first.

FEATURES & BENEFITS

- » Fully multi-coated optics
- » 91% light transmission
- » 100% waterproof, fogproof and shockproof
- » Fast-focus eyepiece
- » Dry nitrogen filled
