

JUTE RUCKSACK (DISPLAY)

PRODUCT #: BP-JR-IF-RBT/RP-3CCA

Product Description

The Jungle Ruck is designed with the Jungle in mind, but is tailored for use in multiple environments. It combines proven features of our Modular Assault Pack and Body Armor Load Lift System, providing a lightweight pack system that is fully adjustable to fit multiple user profiles. The main compartment is expandable allowing the bottom of the pack to be expanded or condensed providing additional access for other load bearing equipment to be added to the belt. An access zipper at the top provides ease of porting radio wires/antennae's and hydration tubing. The main zipper provides full or side only access into the main compartment. The top lid can be quickly detached for use as a stand alone system.
