

SOF RUCKSACK SUITE: PATROL PACK (V2)

NEW!

PRODUCT #: BP-PP/SOF-75L-V2-COLOR

The Patrol Pack (V2) is constructed of lightweight, durable materials with strategic reinforcement where needed. The pack features a top load style that also has two zippers that allows for entry into the main bag at any point on the bag. The front and top lid have 4x4 pieces of loop for attachment of identifiers and IFF.

The pack features a front pocket with a small mesh pocket on the inside for organization. There are side channels behind the side pockets with compression straps for accessory retention. The pack also features a removable top lid that transforms into a go bag for emergency carry. There are also low side stretch pockets. The pack has a stowable internal divider that can be positioned high or low.

The pack has an internal hydration pocket, as well as, a removable harness for a RP117. The pack also contains internal mesh pockets on the sides. The pack has an adjustable internal/external frame system that allows the user to adjust the shoulder harness up or down for optimal comfort and weight distribution. There is a reverse adjustable waist belt with two size settings and an adjustable sternum strap for secure fit and comfort.
