Personal Protection Rifle

Gold Dot Rifle Personal Protection

Speer® Gold Dot® ammunition’s reliability has made it the No. 1 choice for law enforcement, and now we offer the same performance for self-defense rifle applications. New Gold Dot Short Barrel rifle is engineered to provide industry-leading performance in FBI protocol testing through barrels less than 16 inches long. Its bullets are built using Speer’s exclusive Uni-Cor® method. The jacket is bonded to the core one atom at a time, virtually eliminating core-jacket separation and creating a projectile that’s accurate, tough and consistent through all common barriers.

Features & Benefits

- New self-defense rifle loads optimized for peak FBI protocol performance through barrels shorter than 16 inches
- 75-grain 223 Rem. recommended for 1-in-9-inch barrel twist or faster
- 55-grain 223 Rem. option offers reduced penetration for less risk to bystanders
- Consistent penetration and expansion through common barriers
- Extremely uniform jacket maximizes accuracy
- Gold Dot technology virtually eliminates core-jacket separation
- Nickel-plated brass
- Reliable, sensitive CCI® primer

Part No.	Description	UPC	MSRP
24468	223 Rem. 55 grain 3600 fps, .251G1 BC, 20-count	604544657210	\$25.99
24461	223 Rem. 62 grain 2750 fps, .310 G1 BC, 20-count	604544654974	\$25.99
