PERSONAL PROTECTION HANDGUN

Gold Dot Personal Protection

Speer® Gold Dot® ammunition's reliability has made it the No. 1 choice for law enforcement, and we offer the same performance for self-defense. We're celebrating that with modern new packaging, more competitive pricing, and case packs that have been reduced from 25 boxes to 10. All Gold Dot bullets are built using Speer's exclusive Uni-Cor® method. The jacket is bonded to the core one molecule at a time, virtually eliminating core-jacket separation and creating a precision hollow point that is accurate, tough and unbelievably consistent through all common barriers.

Features & Benefits

- New packaging design
- 10 box case packs
- New pricing
- Consistent penetration and expansion through common barriers
- Extremely uniform jacket maximizes accuracy
- Gold Dot technology virtually eliminates core-jacket separation
- Nickel-plated brass
- Reliable, sensitive CCI® primer
